

Circular No. 04  
17 June 2020

Dear Parent,

We are so happy that we could successfully launch our new learning platform and that our students have already become friendly with *Educore* and started using it effectively despite the initial hiccups. Together we have proved that we are able to beat the present hostile situation and will never let our students lose the new opportunities ahead.

We believe that this is the time we increase the duration of our class a bit more, which will enable us to deliver the target syllabus to our students more effectively.

Please see the below given time duration, which is going to be in effect from Monday 22 June 2020

**Grade 1 to 5- 8.30 am to 11.50 am**

**Grade 6 to 8- 8.30 am to 12.40 pm**

We request your kind co-operation that always helps us grow together. Please don't hesitate to contact grade in charges, subject teachers, HoS and office for any kind of queries, support or assistance.

Sincerely

Principal
